SITE FOR THE MARKET HOUSE

Raleigh Commission Purchases Lot.

Will Ask Aldermen or Capital City to Sell Old Butcher Shop So a Modern Building Can Be Erected—Officers Return From Federal Court At New Bern—Ten Prisoners For Atlanta—Officers of Lord's Day Alliance.

Raleigh, Nov. 2.—On Friday night of this week the Raleigh aldermen will be asked by the Raleigh Market House Commission to proceed at once with the auction sale of the present market house and Metropolitan Hall building on Fayetteville street in conformity with the required procedure for the erection of a modern new market on a new site. The commission has just purchased at a cost of \$40,000 a lot on the corner of Morgan and Blount streets where they will erect two buildings 40 by 150 feet, one for meats and fish and the other for vegetables, with ample provision for the wagons of truckers selling their own produce. The legislative act providing for the market house commission to provide Raleigh with a new and modern market, prescribes that the old building on Fayetteville street shall not be sold for less than \$65,000. The sale will probably be about December 15. The commission proposes to proceed at once with the procurement of the plans for the market building and have the work of construction begin just as soon as the money from the sale of the old building is available.

Officers of the Eastern North Carolina District and Circuit court have returned from the term held at New Bern the past eight days during which time there were ten prisoners given terms in the United States penitentiary at Atlanta, one sent to the government reformatory at Washington and another remanded to jail in the State for a twelve months' term. It is an interesting fact that six of the prisoners sent to Atlanta were from Carteret county, the group being C. H. Wiggins and three sons and two of their close neighbors, Henry Stubbs and Harry Moore, who were convicted of blockading in a case in which it appears that the dwelling of a man named Lilly was burned down by some of these men or their friends because Lilly reported the distilleries. This was also the case in which B. F. Sanders has skipped his \$500 bond in connection with the charge that he was selling the whiskey that these blockaders were making.

The Western Union Telegraph Company has again retained Col. F. A. Olds, of this city, as its agent to handle the bulletins of election returns next Tuesday night. This is a work that Col. Olds has performed for the Western Union for the past twenty-six years.

The North Carolina Lord's Day Alliance last night adopted resolutions directing its legislative committee to urge upon the approaching General Assembly the enactment of more comprehensive and effective Sunday laws; calling on ministers to deliver at least one sermon each year on Sabbath observance; urging ministerial associations to procure the enactment and enforcement of adequate Sunday ordinances in their respective towns and declaring the Sabbath divinely established for the physical and spiritual and moral well being of the people. Old officers of the Alliance were reelected except that Rev. L. F. Johnson, of Raleigh, was elected corresponding secretary in the stead of Rev. Jas. O. Holsabek, of Asheville. They are: Rev. R. F. Campbell, D. D., Asheville, president; Dr. W. L. Poteat, Wake Forest College, vice president; Chas. H. Ireland, Greensboro, treasurer; Rev. W. H. McMaisters, Raleigh, field secretary; executive committee, Rev. S. B. Turrentine, Salisbury, Byron Clark, M. M. Kinard, T. C. Chatham, Salisbury, Rev. J. C. Leonard, Lexington, Geo. W. Atkins, H. C. Sprinkle, Albemarle; R. C. Holland, D. D., Charlotte; Stephen Myrick, Greensboro.

The closing address was by Dr. D. Clay Lilly, of Richmond, on the Sabbath and the Forward Movement. He took the ground that the state must care for the morals of the people and must have a care for the environment under which people live and rear their families. Therefore, the State must guard the Sabbath against desecration. The church must form public opinion and influence the State for safe-guarding the Sabbath.

FETE IN FLORLAND

Preparations Ahead Vigorously Smoothly.

All the preparations are going forward vigorously and smoothly for the Fete In Florland, to be given tomorrow and next day.

A full dress rehearsal will take place this afternoon at 4:30 o'clock. No one will be admitted except reporters and chaperons.

The Greensboro Male Quartet will sing the Rosary for the Rosary Fantomime that will be given by eighteen young ladies.

Each of the several features will be voted on at 5 cents a vote, the voting being to determine which in the opinion of the audience is the best feature.

When the Fete in Flowerland was given in Richmond, the News-Leader said of it:

"A brilliant audience filled the Academy Saturday afternoon and evening to see the Fete in Flowerland. Society was largely represented at each performance. Great credit is given to Miss Annie May Moorman for her efficient training of the various drills and choruses, and the entertainment was in every respect a success. The operetta was charmingly staged and sung and measured up artistically to the expectation of the most exacting. The comedy, which closed the evening, was particularly clever and one of the most finished amateur performances ever given in Richmond."

IN BANKRUPTCY COURT.

Two Cases Before Judge Boyd Yesterday Morning—Receivers Appointed.

In United States Bankruptcy court yesterday morning two cases were argued before Judge Boyd. In the case of W. F. Lovill, merchant of Mt. Airy, a petition for bankruptcy having been filed some days ago, Judge Boyd signed an order adjudging the defendant bankrupt. The matter was referred to J. E. Alexander, referee. D. D. Hawkins was named as receiver. The stock of the bankrupt is valued at about \$8,000. Creditors of the Craggy Lumber Company, of Asheville, appeared in court and asked that the company be adjudged bankrupt. S. F. Chapman was appointed receiver in the order adjudging the company a bankrupt and the matter was set for a further hearing in Asheville on Nov. 10 to determine whether or not the company shall continue operations under the receivership.

The company owns property west of Asheville valued at about \$450,000. The indebtedness in the form of mortgage notes is about \$180,000 and there is other indebtedness to the amount of \$70,000. The company failed to pay interest on the mortgage notes and a movement was started to foreclose, which caused the bankruptcy proceedings.

Approaching Marriage of Mr. Ransom Moseley Middleton Is Announced.

Mrs. Chas. G. Harrison gave a delightful course dinner, at her home on West Sycamore, last evening at 6:30 o'clock to a very few friends to announce the approaching marriage of Miss Lillian Clyde Gaine to Mr. Ransom Moseley Middleton. The wedding will take place Nov. 16 at the home of her sister, Mrs. J. M. Bailey, in Greer, S. C.

The guests were met at the door by little Miss Frances Harrison, who presented each one with a dainty little place card bearing the date of the marriage. Appropriate favors were given each one which caused much amusement for the guests.

The dining room was beautifully decorated in yellow and white. Toasts were given the bride and groom-to-be and were happily responded to.

SAW HUSBAND MURDERED.

Mrs. Antonio Valentino Lies In Bed Helpless While Assassin Fires Shot.

San Francisco, Nov. 2.—Lying beside her sleeping husband last night, Mrs. Antonio Valentino heard a crash of glass and a moment later saw two men climb through the window of their room from the porch roof without. Too frightened to move or cry out, she watched one of the intruders steal up to the bed, deliberately place a pistol at her husband's breast and fire a shot that brought instant death to the sleeping man. By the time the woman succeeded in recovering her voice and raising an alarm the murderer and his companion had escaped.

Valentino with his wife and three children arrived about four days ago, having come almost direct from Italy. Mrs. Valentino says they left Naples very hurriedly, her husband professing great fear for his life for some reason not revealed to her.

FIREMEN OUT IN FULL FORCE

Small Blaze in Neese Building Last Night.

Full Department on the Scene In a Jiffy Ready To Cope With Deadly Monster

—Fire Was In Store Occupied by Wall Mercantile Company, Which Was Damaged To the Extent of Several Hundred Dollars—Partly Insured.

A small blaze was discovered in the store room in the Neese building, corner of E. Washington and Davis streets, occupied by the Wall Mercantile Company last night and the stock of goods was damaged considerably by fire and water, mostly by the latter. The company carried some insurance on the stock.

The fire was discovered shortly after 11 o'clock by a carriage driver who rushed into the Telegram office and notified a reporter. The two made a dash for the fire station across the street and luckily met two of the firemen. The Eagle hose wagon was soon on the scene and one of the firemen pulled box 32 while other members of the company were laying a line of hose. Before the water could be gotten on the blaze the entire department was on the scene and four lines of hose laid ready for action.

The fire was in the clothing piled on a counter and was hard to put out as the smoke from the burning cloth made it impossible for the firemen to get inside until the doors were forced open and some of the smoke gotten out. Consequently a good deal more water had to be used than would have been could the flames have gotten inside and torn the piles of clothing out at first. Finally the atmosphere was cleared enough to permit one to breathe inside and the lights were turned on. With hooks the burning mass was torn and scattered and the smoldering fire stamped out.

The fire appeared to have originated from the stove, but Mr. Wall was not seen last night and it is not known whether fire was left in the stove or not. The fire had been smoldering for some minutes before it was discovered and had it gained much more headway the damage would have been much greater.

While the fire was soon extinguished it attracted a large crowd and many commented on the remarkable promptness of the fire department. Had three blocks been burning down the firemen could not have responded prompter or been more active than they were until it was seen that the fire was about out.

The damage to the stock will probably amount to several hundred dollars. The building was damaged but little.

But Expresses Hope That Ex-President's Efforts Will Be Successful.

New York, Nov. 2.—President Taft will be unable to attend the dinner given by the Hungarian Republican Club to Colonel Roosevelt on election eve in this city. In his letter to Marcus Braum, president of the club, President Taft, among other things, says:

"I sincerely hope your club is as active now as it has been in the past and will roll up among Hungarians a good majority for Mr. Stimson as governor and the rest of the ticket."

"You will have with you Colonel Roosevelt, who has been giving his best efforts to the election of the ticket—efforts which I sincerely hope will be successful."

WILLIAM WAS SLICK

Believed To Have Carried Off One Hundred Dollars Worth of Goods In Two Weeks.

William Smith, a colored youth, worked for the Wallace Clothing Company two weeks and the firm calculates that in that time he "toted" off about a hundred dollars worth of clothing, furnishings, etc.

While William will admit nothing, the evidence points to the belief that he was an artist in his line and that he followed one of the most unusual methods of appropriating other people's property. This was to slip articles of value into old boxes and sweep them out into the trash can at the back door, coming around after his booty at his convenience. One of the salesmen found him one day sweeping out a hat box in which was a nice hat just suited to the size of the young negro's head.

Nevertheless not until Smith was wanted for another charge did the firm decide the evidence was strong enough to justify searching his mother's house. An officer called at the store yesterday morning to learn of the negro's whereabouts, he being wanted for carrying concealed weapons. Manager W. H. Wallace seized upon the opportunity to have an officer accompany him to make the search. He and Sergeant Jones searched the place where Smith lived and sure enough found some articles which had been missed from the store. Then they went to a place where Smith's "girl" lived and here they found some more goods. In all about \$25 worth was recovered and it is believed that more will be recovered later.

Mr. Wallace showed such acuteness in ferreting out the location of the missing goods, that Sergeant Jones told him that there was a future for him as a sleuth. The accused youth will be given a hearing in Municipal court this morning.

VERDICT FOR PLAINTIFF

Mrs. Mary Phillips Richmond Gets Five Hundred Dollars.

In Guilford Superior Court yesterday morning the jury in the case of Mrs. Mary Phillips Richmond vs. North Carolina Railroad Company returned a verdict awarding the plaintiff \$500. The suit was to recover \$5,000 damages for alleged injuries received by the plaintiff while a passenger on the train in 1908.

The case of Garland Daniel vs. W. J. Benbow was taken up yesterday morning and nearly all day was consumed in taking testimony. One speech will be made this morning and Judge Lyon will charge the jury. The plaintiff is seeking to recover a commission alleged to be due by the defendant because of the sale of a tract of land belonging to the defendant.

After hearing the evidence Judge Eure found him guilty, judgment being suspended on payment of costs during his good behavior.

STUDENTS WANT TO TAKE A HAND

Ask That Democratic Clubs be Organized.

Chairman Eller States That Young Men of Several Colleges Write That There Is Considerable Enthusiasm Among Students—State Chairman Confirms of Larger Majority Than There Was Two Years Ago.

Raleigh, N. C., Nov. 2.—State Chairman A. H. Eller, of the State Democratic headquarters here, says that one of the most gratifying developments in connection with the campaign as thus far developed is appeals that are just now coming in to him from students in a number of the colleges in the State, that the Democratic State campaign management take a hand in the formation of Democratic clubs among the students. These young men write that the students are thoroughly alive to the issues involved in the campaign and that they are very anxious to be lined up in the contest for the fullest possible triumph of democracy. He says he will do all he can to encourage this interest and organization among these students. Speaking of the election outlook the State chairman talks confidently of majorities the State over that will really represent decided gains over the vote of two years ago. Indeed, leaders here are talking of forty odd thousand majority as a sure thing with every congressional district saved to the Democrats.

There was one charter today for a new enterprise. This was for the Henderson Hotel Co., Henderson, capital \$100,000 with authority to erect and operate hotels, apartment houses and other real estate enterprises. C. F. Whitted is one of a number of incorporators who subscribe to an aggregate of \$10,000 capital. Early next week the work of constructing the rifle pit and other equipment for the military rifle range here will be completed and Raleigh and the companies of the North Carolina National Guard in this section of the State will have at hand a range that will be the same size—one thousand yards long—as the Camp Glenn range at Morehead, fitted, too, with granolithic rifle pit and steel frame targets. The work has been going on with some interruption now and again, for over a year. There will still be some grading to do before the full thousand yards range will be available in as good condition as it should be. It will prove a great boon for the Guardsmen of this whole section. The range is being equipped by the Raleigh Rifle Range Association of which Major J. J. Barnard is president and Col. R. L. Leinster is secretary and treasurer.

KURTZNER GETS FOUR MONTHS.

Young Man Sent To the Roads For Larceny—Another Charge May Be Preferred.

In Municipal Court yesterday morning Judge Eure found Robert Kurtzner, the young white man hailing from New York, guilty of stealing a knife from Mr. W. J. Sherrod. He was given four months on the roads. In the case charging him with stealing a pipe belonging to Mr. Sam Jones judgment was suspended.

Sergeant Jones yesterday afternoon received a phone message from Winston, asking that Kurtzner be held to answer to the charge of stealing a revolver. Yesterday's Telegram gave an account of the arrest and stated that it was believed that the revolver found on Kurtzner's person was stolen. Mr. Sam Greene, a traveling salesman, learned of the finding of the revolver and immediately phoned the police that a revolver had been stolen from his sample case. The description tallied closely with that of the revolver found on Kurtzner. The young man will most likely be given a hearing on the charge of stealing the pistol this morning.

The Reception Postponed.

The reception to have been given tonight by the Margaret Foster Missionary Society has been postponed until Friday night. If any young people of the church or those interested did not receive an invitation it was an unintentional oversight for all are invited and expected Friday night. Ladies' parlor West Market Street Methodist church, 8 to 10:30 p. m.

THE NERVOUS HEART

May Manifest Itself in a Variety of Unpleasant Ways.

Youth's Companion.
There are many forms of so-called functional heart troubles in which no organic disorder is present, and the sufferer's life is not menaced or shortened and yet which give rise to the most acute discomfort and dread; for it is hard to convince the average man who is conscious of some abnormality in the action of the heart that he is not in danger of sudden death.

A nervous or irritable heart may manifest itself in a variety of unpleasant ways. Of these, palpitation is one of the most unpleasant ways. Of course, palpitation of the heart is a symptom of most forms of serious heart disease, but it can, and often does, occur in an otherwise perfectly healthy heart and is recognized as one of the most frequent forms of heart neurosis, or nervousness of the heart.

Palpitations may be brought about by a variety of causes. Any sudden emotion, especially that of intense fear, may cause an attack, as may also some forms of indigestion, particularly when associated with the formation of gas in the stomach. It is also often found in conjunction with an anemic condition, and especially in that form of anemia called chlorosis, which affects young girls.

Sometimes palpitations of the heart are easily cured, and sometimes they are very persistent, but they do not of themselves threaten life.

Tachycardia, or rapid heart beat, and bradycardia, or slow heart, are also forms of nervous heart trouble. In taking account of very rapid or a very slow pulse it must always be remembered that the personal equation comes in. Some persons have normally a heart action that in others would be abnormal. Napoleon is a well known instance of normal bradycardia. His physician records the fact that the Emperor's pulse averaged only 40 beats to the minute.

The neurasthenic heart is recognized because it accompanies a general neurasthenic state. The patient is likely to be irritable and fidgety, and often suffers from insomnia and other neurasthenic symptoms.

In this form, as indeed in all the forms of nervous heart trouble, the treatment must be directed rather to a building up of the general condition than to the treatment of the heart muscle alone. Everything that tones up the general system also tones up the heart. The life should be regular, quiet and prudent. Especial care should be taken not to overtax the digestive powers, and overwork in any direction should be checked.

This is also true in the case of irritable heart, so often found among young people, especially young men, who have been overdoing athletic work.

Both Speedy and Effective.

This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me entirely of all my former troubles. They have my highest recommendation." Howard Gardner.

First Aid.

Husband—I met Hawkins today and he was very gloomy—told me he was perfectly willing to die.

Wife—Oh, John! Why don't you ask him here to Thanksgiving dinner?—Harper's Bazar.

Not Sorry for Blunder.

"If my friend hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c, \$1.00. Trial bottle free. Retribution.

Young Father (in the future)—Great snakes! Can't you do something to quiet that baby? Its eternal squalling drives me frantic. Young Mother (calmly to servant)—Marie, bring in my husband's mother's phonograph and put in the cylinder "At Ten Months." I want him to hear how his voice sounded when he was young.

Squaring Himself.

Mrs. Henpecke—What do you mean, sir, by telling Mrs. Yorker's husband you never ask my advice about anything? Henpecke—Well, Maria, I don't. You don't wait to be asked.

Showing the Way.

Saves an Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50 c. at Fariss-Klutznick Drug Co.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure. 25c at Fariss-Klutznick Drug Co.

Mr. Otto Paul, Milwaukee, Wis., says: Foley's Honey and Tar is still more than the best. He writes us, "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept thanks." Howard Gardner.

AN ORIENTAL GARDEN.

It is Not Planted With Flowers, and It Has No Lawns.

A garden does not necessarily mean a collection of flowers arranged more or less symmetrically, with spaces of lawn, shelter of trees and paths hither and thither. There have been gardens that, beyond a terra cotta jar or two holding a rosebush or a flowering almond, have had no green thing within their gates.

I know of an oriental garden in Fez where white garmented Moors come in the cool of the evening to sit and listen to ancient stories that they know by heart, or to music that was old when the pyramids were new, or perhaps to look at a dancing girl or two taking soft steps while they smoke their nargiles, yet that garden is nothing more than a series of arches upholding walls beyond walls, toed a faint, mysterious yellow that is not yellow, but white, and yet not white, but rose. In the middle is a pool of water in a stone basin that looks blue because of the intense sky overhead and that shimmers with gold in reflections from the walls. In the corner stands a mighty jar full of strange scarlet blossoms, and rugs of deep color and intricate pattern lie on the sun warmed flags. There is always the fairy music of dropping water, and wonderful shadows move among the arches.

This place is a garden for all that it is so builded of man. The word court will not do for it.—Century Magazine.

FIGHTING FATIGUE.

Jacking Up the Tired System Without Using Stimulants.

If efforts to keep at work are continued in spite of fatigue the quality of the work is poor and the exhaustion inordinate. Students constantly make this error and do all sorts of things to keep awake to burn the midnight oil when if they would go to bed and rest they could accomplish far more in half the time in the morning with little or no fatigue.

Yet there are times when sleepiness and fatigue must be overcome without resort to stimulants which injure the judgment. The tired physician with a critical case, for instance, must have his wits about him, and it will aid him vastly to go to an open window every fifteen or thirty minutes to take a dozen or two deep inspirations of cold air. His exhaustion in the end will be great, but he can make it up later.

As a matter of fact, surgeons and others whose work requires the keenest perceptions instinctively choose the early morning for their best efforts, reserving the afternoon for "low pressure" tasks or recreation. That is, it is far better to so live that we do not need the stimulus of these extraordinary methods of respiration.—American Medicine.

A Dime Better Than Two Nickels.

A professional panhandler approached a man crossing City Hall park and demanded a nickel, which the man good naturedly handed out, saying, "I suppose that goes for a glass of beer." "Surest thing you know," replied the panhandler unblushingly. "And, by the way, while we are on the subject, I have now in my possession two nickels. Would you mind giving me a ten cent piece for them?"

"I will on one condition," said the man, whose curiosity was aroused: "What's the answer?"

"Well, you see, it's this way," explained the panhandler. "If I have a dime I go into a saloon and ask for beer. I have a nickel comeback, which enables me to amble over to the free lunch counter and fill up. Maybe you don't realize that getting change over the bar gives a man a certain tone that doesn't belong to him if he just coughs up a nickel."—New York Sun.

Rice in the Orient.

Rice is "wet," that grown for the most part in flooded land, or "dry," that raised on uplands. Its growth in those regions where civilization has penetrated least is pathetic. Parts of the east are still covered with virgin forest of tall trees. Underneath all is dark in heavy shade. Creepers twine up hundreds of feet and are all topped off with indescribable orchids, all hunting for air and sunshine. In the thick wood a suitable spot is chosen, for rice they must have or starve. Undergrowth is cut out and staked and hedged around to make a fence for the little rice farm.—Exchange.

Foxglove.

In some places in England the foxglove is regarded with awe as a "witches' flower," the peasants saying that the witches use the bells of the blossoms as thimbles. In most parts, however, the "wee sma' folk" that bode no ill are the beings that "sweetly nestle in the foxglove bells," and in Ireland the plant is called the fairy cap.

A Rival.

"Why do you always say, 'As scarce as hen's teeth?'"

"Because they are about the scarcest things in the world."

"More scarce than men who enjoy hearing about the cleverness of other people's babies?"—Chicago Record-Herald.

Women's Lefts.

Miss Bikley—So you have given up advocating woman's rights?

Miss Pansie—Yes; I now go in for women's lefts.

"Women's lefts? What's that?"

"Widowers."

Our affections are our life. We live by these. They supply our warmth.—Channing.

That ambiguous plank in the Republican platform is playing the wild. If there were about one more of 'em the party would be completely demoralized. We recall in this connection the old words, "Oh what a tangled web we weave, When first we practice to deceive."

The President's prediction of one-cent postage was doubtless made for the purpose of buoying up Republican prospects. But the promise should have no effect with thinking people. If the Republicans can give one-cent postage the Democrats can too.

The magazines will raise a mighty outcry against the proposed increase in magazine postage. Nevertheless there is a show of justice in the proposition. The average haul of the magazine is 1,100 miles, while the average haul of newspapers, the postage rates of which will not be changed, is only 300 miles.

I want to call your attention to something Mr. Dix has been saying in attacking me. He says I am an enemy of prosperity. Well, I am, in the sense that that officer over there is the enemy of prosperity when he gets hold of a burglar running off with somebody's spoons.—Col. Roosevelt.

Well, nobody has said the Colonel wouldn't make a good policeman.

As the aviation meets are getting nearer (one is on in Baltimore this week) it is well enough to learn how to pronounce the names of the foreigners. For example, there is Mr. Hubert Latham, a Frenchman. Any person with a smattering of French could make a "pass" at the name. Nevertheless the Baltimore papers are featuring the fact that the way to call it is "Oobear La-tahm."

One could wish that political campaigns came oftener seeing that they give the people a chance to see the State's able and prominent men. Tonight it will be the privilege of Greensboro people to hear their able and eloquent governor, Hon. W. W. Kitchin. That many will avail themselves of the privilege is certain. The Governor is a husky campaigner and there will not be any dull moments at the court house tonight.

Why is Marion Butler so eager for a joint debate with Josephus Daniels and F. M. Simmons? The question before the North Carolina folks is not as to Butler's prowess as a debater, it is as to whether he can explain to their satisfaction his connection with the repudiated bonds. No joint debate is necessary for him to make that explanation. Evidence and argument can be the more carefully weighed when they are reduced to writing. Mr. Butler should write his defence, give it to the papers and let the people read it and make up their minds as to whether it is a defence worthy of the name.

Col. Lusk, the noted Republican war-horse of Asheville, is out in a long letter in which he, in effect, counsels his fellow prohibition Republicans not to support the Republican legislative ticket in Buncombe. Col. Lusk believes that behind the local self-government plank of the Republican State platform there is a deep-laid scheme of the liquor people to attempt to overthrow prohibition in this State. He does not dictate. He merely relates the facts as he has ascertained them and tells his friends to do what they think right in the premises. The old line Republicans are certainly disgusted with the new management of the G. O. P.

It is charged in the New York fight that the Democrats circulated in Wall Street appeals for financial aid and that that was an evidence of an alliance between Wall Street and the Democratic party. Judge Parker, at Plattsburg, exhibited circulars of the same tenor that the Republicans had sent the rounds in Wall Street. The Republicans are sadly in need of argument when they resort to such flimsy charges as that above mentioned. There is nothing objectionable in either party seeking campaign contributions in Wall Street, for no doubt there are in Wall Street earnest, honest Republicans anxious to see their party win and the same kind of Democrats equally desirous that Democracy should make a clean sweep.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result; and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

WHO BLEW UP THE MAINE?

Col. Jasper Ewing Brady Says That Jose Zavaldo, a Cuban, Did.

Kansas City, Mo., Nov. 2.—Lecturing at St. George's church here last night, Col. Jasper Ewing Brady, one of the four officers sent by the government to investigate the destruction of the battleship Maine in Havana harbor, February 14, 1898, declared the mine which destroyed the battleship was placed by the Cubans in order to bring war with Spain and the deliverance of Cuba. He further asserted that the information had been sent to the President and the secretary of war.

"When I went to investigate the disaster with three other officers," Col. Brady said, "there were three theories concerning the origin of the disaster—that the explosion was caused from the outside by agents of Spain, that it was caused from the inside and that the Maine was anchored over a mine prepared by the Cubans. We were able to inform the President and secretary of war that the last theory was the most consistent with the facts. This leads to the conclusion that the Maine was blown up by the Cubans in order to bring on war with Spain and the deliverance of Cuba."

Continuing he said: "Now I will tell you for the first time the name of the man who blew up the Maine. He is, or was, Jose Zavaldo. He was electrician at Morro Castle. It was he who threw the switch which set off the powerful mine that destroyed that ship and sent 207 lives into eternity in a flash. Zavaldo was afterward shot by order of Gen. Blanco."

United States Senator Lee S. Overman will speak at Proximity tomorrow night at 7:30 o'clock. Senator Overman is well known throughout the county and will be heard no doubt by a large crowd. Mr. T. J. De Witt was seized with a paralytic stroke yesterday afternoon on South Elm street near the corner of Washington.

His plight was first noticed by Mr. S. W. Stewart, who saw him clinging to a trolley pole and trembling from head to foot.
He was carried into the drug store of Grissom-Sykes Company and Dr. B. W. Best called in. Dr. Best pronounced the trouble a secondary attack of paralysis. Mr. De Witt having been stricken previously.

"He's All Right; He Has Money in the Bank"

How many times has each of us heard this or similar expression! If we go around much we hear it nearly every day. And yet so few of us really take it to heart.

If a young man gets into trouble, a bank account will pull him out. If he gets sick or injured it will pay the doctor's or druggist's bills. If he wants to buy a few shares of stock in the Company for which he works, and thereby strengthen his position, he can do it. All these things, and a hundred more, can be done with a snug bank account—but one must SAVE in order to have that account.

Better start today and save your money. We pay interest at the rate of 4 per cent, and assure the absolute safety of every dollar deposited here.

My Corns Don't Hurt A Bit.

Tired, Ailing, Swollen, Smelly, Sweaty Feet, Corns, Callouses and Bunions, TIZ Cures Right Off.

Say good-bye to your corns the very first time you use TIZ. You will never know you have a corn, bunion or callous, or sweaty, tired, swollen, aching feet any more. It's just wonderful the way the pain vanishes. Rub the corn—hammer it with your fist if you will—no more pain after TIZ than if there had never been a blemish on your feet. Doesn't that sound good to you? Doesn't it? Then read this.

"The corns on either of my toes were as large as the tablets you make to cure them. Today there is no sign of corns on either foot and no soreness. It's an up-to-date Godsend.—Sam. A. Hoover, Progress, N. C.

Just use TIZ. It's not like anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleans them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct, if you wish, from Walter Luther Dodge & Co., Dodge Building, Chicago, Illinois.

A Coin Worth Millions.
Somewhere in the world—possibly among the relics kept by some lover of the great Napoleon—there is a fortune, perhaps unsuspected. Among the coins Napoleon had minted were some millions of five franc pieces, and he determined to popularize these in an extraordinary way. In one of the coins, folded to a tiny size, was inclosed a note signed by Napoleon and promising the sum of 5,000,000 francs to the finder of that particular coin. Naturally everybody who changed a large piece demanded the new five franc coins in exchange and, as a rule, probed and dug and sounded the metal in eager search for the hidden note. But the years went on, and yet the note did not appear. Napoleon's plighted word is a sacred trust to the French nation, and today the government stands ready to pay the debt, which, with interest, is now worth many millions.—London Answers.

A Grand Rout.
It is not always the largest foe who can make the greatest disturbance and cause the most confusion. In his "Hunting Grounds of the Great West" Richard Irving Dodge tells of a little incident of the Mexican war which proves that it is quality, not quantity, which is most effective.

While General Taylor's little army was marching from Corpus Christi to Matamoros a soldier of the flank of the column fired at a bull. The animal charged, and the soldier, taking to his heels, ran into the column. The bull, undaunted by the number of the enemy, followed him headlong, scattering several regiments like chaff, and finally escaped unhurt, having demoralized and put to flight an army which a few days after covered itself with glory by victoriously encountering five times its number of human enemies.

A Banquet For Horses.
Banquets prepared exclusively for animals are not altogether unknown in England. The aged inmates of the Home of Rest for Horses, Westcroft Farm, Cricklewood, celebrate each New Year's day with a sumptuous repast. The menu for the last banquet consisted of lumps of sugar, chopped carrots, apples, brown and white bread and biscuits. These were mixed together in a wooden box and placed outside each stable door.—London Family Herald.

Still In the Ring.
"I hear your engagement with young Gotrox has been broken off," said the first fair daughter of Eve.
"Well, you are entitled to another hearing," rejoined fair daughter No. 2 as she held up a graceful hand on which a solitary sparkled. "You can see for yourself that I am still in the ring."

Hard Luck.
Chief—Tell me, sir, why you have so utterly failed to get a clew to this crime. Detective—"Tain't my fault. The reporters are down on me, and they won't tell me nothing!"—Cleveland Leader.

His Exact Weight.
Angler (who is telling his big fish story)—What weight was he? Well, they hadn't right weights at the inn, but he weighed exactly a flatiron, two eggs and a bit of soap.—Punch.

Art Today.
"She is being fitted for the stage."
"Studying hard, I presume?"
"Oh, no; just being fitted with the necessary gowns."—Louisville Courier-Journal.

Cruelty and fear shake hands together.—Balzac.

Hexamethylenetetramine.
Is the name of a German chemical, one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and anti-septic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious malady. Howard Gardner.

Real Modesty.
"An actor should be modest, and most actors are," said a prominent one at a luncheon in Pittsburgh. "But I know a young actor who at the beginning of his career carried modesty almost too far."

"This young man inserted in all the dramatic papers a want advertisement that said:

"Engagement wanted—small part, such as dead body or outside shouts preferred."

Preferences.
"I think I'll spend my vacation on the lynx," said the first flea. "I'm fond of golf."

"The giraffe for mine," declared the second flea. "I need the highest altitude I can find."—Washington Herald.

Sensible.
Mrs. X.—The fat above us is unoccupied right now. Why don't you come and live there? Mrs. Y.—Oh, my dear, we've been such good friends, and I hate to start quarreling with you!—Exchange.

Dad, did you ever use Goose Grease for your old stiff limbs? Best in the world, try it. Gardner sells it.

Here's a Hint To Wise Shoe Buyers

A dress shoe is always a dress shoe. A work shoe is always a work shoe. The man who buys a good shoe for best and when the new is gone wears it for work—never gets the full value of that shoe.

The Craddock Shoe
\$3.50 All Leathers \$4.00

is made in every desirable style—shiny leather for dress and street wear, dull leathers for work. Get a pair of Craddock dress and a pair of Craddock work shoes. The dress shoes will look well as long as you wear them. The work shoes will wear you longer than discarded dress shoes. Any Craddock shoe will wear 30 days longer than any other shoe at the same price.

Are you acquainted with the Craddock dealer in your town?

DON'T WANDER

You can't stop people on the street to ask them to take you for a boarder. You can't wander up and down ringing door-bells. Who wants a boarder who hunts a boarding-house that way? The pleasantest boarding-places are found in just two ways. First: Read the Telegram's classified ads. Second: If you don't see just what you want, put a little classified ad in the Telegram yourself.

SALVATION ARMY CAMPS

For Mothers and Children.

Hundreds of tired mothers and sickly children were given fresh air and rest during the past summer by the Salvation Army at its fresh air camps.

There are many tired mothers who have sickly children who were not fortunate enough to be given such an outing and we ask those mothers as a duty to themselves and their children to read the two following letters:

Mrs. Rose Hawthorne Lathrop, who has done so much good among the children of New York City, says: "Little children seem to delight in taking Vinol. In my work among the destitute sick, I give Vinol in many cases where it would be impossible to give cod liver oil in any other form, on account of the extreme weakness of the patient's stomach. I have known Vinol to restore appetite and infuse new life in many cases of sick women and children when everything else failed."

Mrs. C. W. Stump, Canton, Ohio, says: "I wish I could induce every mother who has a weak, sickly child to try the delicious cod liver preparation, Vinol, as it restored health and strength to our daughter after all else had failed."

Vinol is a boon to weak mothers and sickly children. If it fails to give satisfaction we will refund your money. Fariss-Klutz Drug Co., Greensboro, N. C.

Proposals Invited.

Sealed proposals will be received by the undersigned until 10:30 o'clock of Thursday, Nov. 10, 1910, for the erection of the Central High School building for the city of Greensboro, N. C.

The successful contractor must furnish a satisfactory surety bond in the sum of one half the amount of his bid, within two weeks from date of award, and as a guarantee of furnishing said bond each bid must be accompanied by a certified check in the sum of five hundred (\$500.00) dollars made payable to the undersigned, said check to be forfeited if the bond is not furnished.

The right is reserved to reject any and all proposals.

(Signed) CHAS. H. IRELAND.

There Was No Other Course.

The New England boiled dinner and other dishes like pork and beans, boiled codfish and pumpkin pie best appealed to the appetite of Chief Justice Melville W. Fuller. It was said in Washington that the Fuller Saturday night dinner was baked beans and nothing else, and this story is told: "One evening the chief justice, possibly forgetting that it was Saturday, asked a distinguished English jurist home to dinner with him. When the beans came on the Englishman promptly declined them. Mrs. Fuller showed some embarrassment, whereupon the Englishman amiably said: 'Never mind. I'll make it up in the next course.' 'But, good Lord,' exclaimed the chief justice, 'there isn't any other course!' And there wasn't."

In addition to being a very small eater the chief justice was a moderate smoker of modestly priced cigars. He was said to smoke the same kind of cigars, as far as they were obtainable that he smoked when he was struggling hard to establish a living law business in Chicago in the old days. He said he was attached to these cheap cigars by ties of sentiment and tender recollection and that nothing else would taste so good to him.—Springfield Republican.

HIS FIRST YEAR.

"Freshie" Often Made Butt of Jest Because of Freshness. Youth's Companion.

On the campus, the athletic field and the streets of the college town, and in the dormitory, the lecture room and the chapter house, the members of the freshman class are pre-eminently conspicuous in these weeks of early fall. There are many thousands of them in all parts of the land, and to each of them it is an important, not to say an epoch-making, period in their lives. A time of test and trial it is, too, filled with novel experiences, which are rarely harrowing in the undergoing, but which always becomes highly harrowing when told in later years.

The freshman in college—like the senior of last June, who has now become a freshman again in the great university of life—has much to learn, and not a little to unlearn. Golden opportunities are his: serious responsibilities, which he occasionally magnifies, but more often does not realize; and precious privileges, such as the old graduate would give his all to possess once more.

The freshman is often made the butt of a jest because of his freshness. But even as we smile at him we feel deep in our hearts that his freshness is a treasure above all price. The discipline at the hands of upper classmen, the varied experiences of undergraduate life and the work in classroom and laboratory, which gradually change him from a freshman to a senior, also rob him of something which it is a great pity to lose.

Perhaps some day a college will succeed in turning out seniors who are still freshmen. It is an ideal well worth the attention of the educational world. It is well to learn the great essential truths and to have at command the lore of the ages, but the happiest man and the man most useful in the world is he whose education has not been at the cost of the characteristics and the qualities, the outlook and the impulses which distinguish him as a freshman.

Cameron Johnson's Illustrated Lecture on Korea.

Notwithstanding the threatening weather West Market Street church was crowded to hear Mr. Johnson lecture on Korea last night. No country is so prominent today before the world, especially the Christian portion of the world, as Korea.

For years Korea has been the bone of contention between nations and has caused many wars and the whole world is looking on with interest. It promises to be the first non-Christian country to become evangelized. Twenty years ago Korea had only seven Christians. Now it has 200,000 and they are now praying and undertaking to get a million by the end of the year 1910. Can we not get a lesson from this? Mr. Johnson showed life size pictures of the wonderful heroes who have made this work possible and who have laid down their lives for Christ and his great work.

Tonight the lecture will be on India and will be your last chance to hear Mr. Johnson. India is the second largest nation in the world, has more kinds of religion than any other nation and has more need for the Christian religion than any other country. Come out and hear Mr. Johnson and you will go home pleased.

Marriage Licenses.

During the month of October sixty-five marriage licenses were issued from the office of the register of deeds. Barring the months of December this is the largest number issued in one month in a couple of years. At the present date November will also make a new record in the marriage license business.

Drugs and Sickness.

It is not too much to say that the medical profession today no longer believes that any drug (with a few exceptions like quinine in malaria, mercury and the antitoxins) will cure a disease as such. All that it will do is so to modify conditions as to help the body in its fight against disease.

We are no longer content in the biting phrase of Voltaire, to "pour drugs of which we know little into bodies of which we know less." What will help one patient will harm another, and what may be beneficial in the early stage of a disease will be useless or even injurious in a later stage.

In the language of Captain Cuttle, the effect of a drug, like "the bearing of an observation," "depends on the application on it." It is neither rational nor safe blindly to swallow down a drug which is highly recommended in a certain disease and expect it to "do the rest." There is no such thing as a universal cure for a disease nor even a remedy which can be relied upon as "a good thing to take" at any and all stages of it.—Dr. Woods Hutchinson in Delineator.

Gagadig Gigadab.

There was a quaint old man in Manchester, England, who for many years went by the unique name of Gagadig Gigadab. His original name was John Smith, and for many years he brooded over the possibilities of mistaken identity involved in it. The name figured frequently in criminal records, and he became abnormally apprehensive lest he might be confused with some of the bad John Smiths. At last what he feared so much actually happened. One morning the papers reported the arrest of an accountant in a bank for embezzlement, and through some blunder of the reporter the identity of the embezzler was confused with the subject of this article, who was also a bank accountant. Then and there he determined to assume a name like unto no other ever borne by mortal man. And in Gagadig Gigadab most people will agree that he succeeded in so doing.—New York Tribune.
